FLOOD INSURANCE REFORM

Thank You to our Congressional Delegation for fixing the Biggert-Waters Act, and making the NFIP a program that will protect families...not bankrupt them.

FLOOD CONTROL STRATEGY

Conservation and restoration are priorities. Parish will focus on marsh restoration/creation projects along with wastewater assimilation, where appropriate. Environmental plan will promote conservation and restoration in conjunction with development process. Parish will continue to keep drainage infrastructure and regional detention ponds as priority projects. Flood control infrastructure options being studied. Elevate/Acquire when necessary.
